

Vol/#	Date	Article Title	Author	Additional Description
v1n1	December 1970	No title; News and logistics regarding the formation of FMS	Don Newsome	
v1n2	March 1971	No title; News and logistics regarding the formation of FMS	Don Newsome	
v1n3	December 1971	FMS news and logistics	Don Newsome	
v2n1	April 1972	FMS news and logistics		
v2n1	April 1972	Featured collector: Fluorescent Minerals of Australia		
v2n1	April 1972	"Doing My Thing" or "A Mineral Lecture"	Nevin Yeakel	
v2n1	April 1972	Fluorescent Minerals Information Sheet #2: Powellite		
v2n2	June 1972	FMS news and logistics		
v2n2	June 1972	Fluorescent Minerals Information Sheet #3: Wollastonite		
v2n3	December 1972	FMS news and logistics		
v2n3	December 1972	Featured Collector: Horst Windisch	Stan Foster	
v2n3	December 1972	Fluorescent Minerals Information Sheet #4: Cerrusite	Stan Foster	
v3n1	May 1973	Featured Collector: Norton Dover	Stan Foster	
v3n1	May 1973	FMS news and logistics		
v3n1	May 1973	Fluorescent Minerals Information Sheet #5: Eucryptite	Stan Foster	
v3n2	August 1973	FMS news and logistics		
v3n2	August 1973	Fluorescent Minerals Information Sheet: Smithsonite		
v3n3	December 1973	FMS news and logistics		
v3n3	December 1973	Featured Collector: Gus Lindveit	Stan Foster	
v3n3	December 1973	Fluorescent Minerals Information Sheet: Hydrozincite	Stan Foster	
v4n1	February 1974	FMS news and logistics		
v4n1	February 1974	Fluorescent Minerals Information Sheet: Sphalerite	Stan Foster	
v4n2	April 1974	FMS news and logistics		
v4n2	April 1974	Fluorescent Minerals Information Sheet: Manganapatite	William Childers	
v4n3	July 1974	FMS news and logistics		
v4n3	July 1974	Featured Collector: Clarence and Jesse Chittenden		
v4n3	July 1974	Fluorescent Minerals Information Sheet: Manganapatite	William Childers	
v4n4	October 1974	FMS news and logistics		
v4n4	October 1974	Fluorescent Minerals Information Sheet: Corundum	C.H. Chittenden	
v4n4s1	August 1974	FMS Roster by State		
v5n1	January 1975	FMS news and logistics		
v5n1	January 1975	Fluorescent Minerals Information Sheet: Autunite	C.H. Chittenden	
v5n2	March 1975	FMS news and logistics		
v5n2	March 1975	Featured Collector: Grace and Reino Sarlin		
v5n2	March 1975	Fluorescent Minerals Information Sheet: Fluorite	C.H. Chittenden	
v5n3	May 1975	FMS news and logistics		
v5n3	May 1975	Featured Collector: Ted Rutherford		
v5n3	May 1975	Fluorescent Minerals Information Sheet: Willemite	C.H. Chittenden	
v5n4	July 1975	FMS news and logistics		
v5n4	July 1975	Featured Collector: Joy Hintz		
v5n4	July 1975	Fluorescent Minerals Information Sheet: Esperite	C.H. Chittenden	
v5n5	September 1975	FMS news and logistics		
v5n5	September 1975	Featured Collector: William H. "Spex" Mountford		
v5n5	September 1975	Fluorescent Minerals Information Sheet: margarosanite	C.H. Chittenden	
v5n6	November 1975	FMS news and logistics		
v5n6	November 1975	More Notes on tugtupite		
v5n6	November 1975	Fluorescent Minerals Information Sheet: scheelite	C.H. Chittenden	
v6n1	January 1976	FMS news and logistics		
v6n1	January 1976	Featured Collector: Ian Turnbull		
v6n2	April 1976	FMS news and logistics		
v6n3	June 1976	FMS news and logistics		
v6n3	June 1976	Featured Collector: Harold and Portia Young		
v6n3	June 1976	Mineral Information Sheet: Phlogopite with Dipside, Balmat, NY		
v6n4	August 1976	FMS news and logistics		
v6n4	August 1976	Mineral Information Sheet: Halite		
v6n5	October 1976	FMS news and logistics		
v6n5	October 1976	Mechanism of tenebrescence in hackmanite	Avery Pitzak	
v6n5	October 1976	Fluorescent Minerals Information Sheet: Hackmanite (variety of sodalite)		
v6n6	December 1976	FMS news and logistics		
v7n1	February 1977	FMS news and logistics		
v7n1	February 1977	Featured Collector: Peter Modreski		

v7n2	April 1977	FMS news and logistics		
v7n3	June 1977	FMS news and logistics		
v7n4	August 1977	FMS news and logistics		
v7n4	August 1977	Fluorescent Minerals Information Sheet: Aragonite	Paul Morris	
v7n6	October 1977	FMS news and logistics		
v7n6	October 1977	A Note on Terlingua calcite	Iam Turnbull	
v7n6	October 1977	Fluorescent Minerals Information Sheet: Pectolite		
v8n1	January-February 1978	FMS news and logistics		
v8n1	January-February 1978	Fluorescent Minerals Information Sheet: Tugtupite		
v8n2	May-June 1978	FMS news and logistics		
v8n2	May-June 1978	Fluorescent microcline from the Linecrest Quarry, Sparta, New Jersey	Manuel A. Robbins	
v8n2	May-June 1978	The Moeraki Boulders, New Zealand	Susan Fraser	
v8n3	July-August-September 1978	FMS news and logistics		
v8n4	September 1978	FMS news and logistics		
v8n5	November-December 1978	FMS news and logistics		
v9n1	January-February 1979	FMS news and logistics		
v9n2	March-April 1979	FMS news and logistics		
v9n2	March-April 1979	State Fluorescent Minerals	Manuel A. Robbins	
v9n3	May-June 1979	FMS news and logistics		
v9n4	July-August 1979	FMS news and logistics		
v9n5	September-October 1979	FMS news and logistics		
v9n5	September-October 1979	Benstonite	Paul Morris	
v9n6	November-December 1979	FMS news and logistics		
v9n6	November-December 1979	Triboluminescent calcite	Peter Modreski	
v9n6	November-December 1979	Phosgenite	Paul Morris	
v10n1	January-February 1980	FMS news and logistics		
v10n2	March-April 1980	FMS news and logistics		
v10n2	March-April 1980	Crystalline quartz showing fluorescent phenomena	Dr. Gerhard Henkel	
v10n3	May-June 1980	FMS news and logistics		
v10n3	May-June 1980	General Comments (pertains to creating databases including Henkel)	Peter Modreski	
v10n3	May-June 1980	Jewelers, Gems and fluorescents		
v10n4	July-August 1980	FMS news and logistics		
v10n4	July-August 1980	Selected bibliography about luminescence of minerals		
v10n4	July-August 1980	Selected list of minerals that luminesce under UV excitation		
v10n5	September-October 1980	FMS news and logistics		
v10n6	November-December 1980	FMS news and logistics		
v11n1	January-February 1981	FMS news and logistics		
v11n2	March-April 1981	FMS news and logistics		
v11n3	May-June 1981	FMS news and logistics		
v11n4	July-August 1981	FMS news and logistics		
v11n5	September-October 1981	FMS news and logistics		
v11n5	September-October 1981	Fluorescent minerals showing stellate structure	Dr. Gerhard Henkel	
v11n5	September-October 1981	Slide #1 in the 1980 Journal of the FMS	Don Newsome	
v11n6	November-December 1981	FMS news and logistics		
v11n6	November-December 1981	Malayite	Dr. Gerhard Henkel	
v11n6	November-December 1981	On fluorborite	Ray Vajdik	
v12n1	January-February 1982	FMS news and logistics		

v12n1	January-February 1982	Inclusions, Fluorescent Phantoms, etc., in Quartz Crystals	Philip Hennig/Peter Modreski	
v12n2	March-April 1982	FMS news and logistics		
v12n2	March-April 1982	Fluorite from Clay Center, OH		
v12n2	March-April 1982	Our Cover (referring to the Journal of the FMS)		
v12n2	March-April 1982	Red Tremolite		
v12n3	May-June 1982	FMS news and logistics		
v12n3	May-June 1982	Inclusions, Fluorescent Phantoms, etc., in Quartz Crystals	Philip Hennig/Hans Groenenboom	
v12n3	May-June 1982	Fluorite from Clay Center, OH	Dr. Gerhard Henkel/Don Newsome	
v12n3	May-June 1982	Scandanavian Minerals	Dr. Gerhard Henkel	
v12n4	July-August 1982	FMS news and logistics		
v12n4	July-August 1982	Labeling and cataloguing fluorescent minerals	Don Newsome/Dr. Gerhard Henkel/Joan Williams	
v12n5	September-October 1982	FMS news and logistics		
v12n6	November-December 1982	FMS news and logistics		
v12n6	November-December 1982	Fluorite from Canon City, Colorado	Pete Modreski	
v12n6	November-December 1982	Fluorite	William Van Cook	
v12n6	November-December 1982	fl-red fluorite	Pete Modreski	
v12n6	November-December 1982	Color change in a calcite crystal	Pete Modreski	
v13n1	January-February 1983	FMS news and logistics		
v13n1	January-February 1983	fl-red fluorite	Dr. Gerhard Henkel	
v13n1	January-February 1983	LW fluorescence in scheelite	Howard I. Heitner	
v13n1	January-February 1983	Some Notes on Trrenolite, Anthophyllite and Talc from Balrnat and Talc, New York	William H. Van Cook	
v13n1	January-February 1983	Fluorescence created in cleaning process	Peter Modreski	
v13n2	March-April 1983	FMS news and logistics		
v13n2	March-April 1983	Orange/LW fluorescence in scheelite	Dick Bostwick/Dr. Gerhard Henkel/ Don Newsome	
v13n2	March-April 1983	Ref fl fluorite	Don Newsome	
v13n2s1	April 1983	FMS Roster		
v13n3	May-June 1983	FMS news and logistics
